COURT RULING STOPS RAID BY FEDERAL LEAGUE

Judge Foell at Chicago restrains "Chief" Johnson from Pitching for Any Team but Cincinnati.

KANSAS CITY FEDS TAKE IMMEDIATE APPEAL

Many Contracts to Jump Organized Baseball Hinge on Final Outcome of the Johnson Deserter.

[By Leased Wire to Evening Herald.]

Chicago, June 3.—Judge Foell, of the superior court of Cook county, today sustained the injunction restraining "Chief" Johnson from pitching for any club besides the Cincinnati Nationals and by his decision stopped what was predicted would be the biggest raid on ball players ever made in the history of the game. Scores of players now in the ranks of organized baseball, including a dozen or more stars, were ready to "jump" from their clubs to the outlaw league at the word that Johnson's case had been decided in favor of the Kansas City Federals whom he joined after deserting Cincinnati.

Contracts, it is said, had already been signed, depending only on the contingency that the pitcher's "jump" would be held legal. What action the Federals will now take regarding the suit could not be learned early this afternoon, for neither President Gilmore nor his local counsel could be found. The injunction, of course, restrained Johnson from playing within the state of Illinois but while he could have pitched in games outside, the Kansas City club declined to begin play rather than risk a chance of prejudicing his case.

A decision in a similar case involving a dispute between the Philadelphia Nationals and the Chicago Federals for the possession of William J. Kilkenny, a catcher, is expected of the United States court at Cincinnati about June 16.

Judge Foell, at the request of the Federal league, granted an appeal and twenty days for him the certificate of evidence.

WILL PITCH JOHNSON IN EVERY CITY BUT CHICAGO

Kansas City, June 3.—"We will pitch Johnson in every city in the league except Chicago," declared George Stovall, manager of the Kansas City Federal league baseball club today when informed of Judge Foell's decision. "The injunction prevents Johnson from playing in Cook county, Illinois only."

RESOLUTE HAS EASY TIME IN SECOND RUN

New York Yacht Club's Boat Makes Easy Game of the Vanitie in Course off Glen Cove.

Associated Press Boat off Glen Cove, L. I., June 3. By Wireless.—The yacht Resolute, owned by the Flag officers' syndicate of the New York yacht club, defeated Alexander S. Cochran's sloop Vanitie this afternoon in the second race preliminary to the selection of the America's cup defender.

Although only a few lengths separated the boats at the finish, the Resolute in reality won by a considerable margin, since she received from her rival a time allowance of more than three minutes.

The result today leaves one race to the credit of each contender since the Vanitie won yesterday's contest by a margin of nearly 17 minutes.

The official times of the finish were: Resolute, 3:17:37; Vanitie, 3:18:26.

Elapsed official time: Resolute, 2:58:27; Vanitie, 2:01:38. Resolute won by 2 minutes and 12 seconds.

LINING 'EM OUT

The Copper league has become the Federal circuit of the southwest. The clubs have taken to offering big salaries to minor leaguers, and several have jumped. Players from the California State League, the Western League and the Texas League are now performing in Copper uniforms.

The latest athlete to do the grasshopper stunt in the direction of the Copper league is Catcher Price. He has abandoned the Fort Worth, Tex., league team, tramping on a perfectly good contract, to line up with Silver City. He says Silver City offered him real iron men a month more than Fort Worth would pay.

Price ought to be remembered here. He caught for El Paso when the Pass City team played in the tournament at the state fair last year, and it was largely through his work behind the bat that the White Sox won the \$1,000 purse.

"Too much baseball got again as a truthful wail on a recent Sunday in Chicago. The Cubs, the Sox and the Chicks all played on that day—May 16, to be exact—and more than 26,000 fans paid to see them. It is said that the new league got the majority of the traffic, the Fed attendance being put at more than 29,000.

A St. Louis scribe writes us: "Three clubs are too many for St. Louis. This is the testimony of the attendance figures after all three teams have shown in this city, and it is clear that the under dog of the trio will have a hard row to hoe, with the Federals having quite an edge."

Cheers which greeted Mordecai Brown when he appeared in the box in a recent game in St. Louis are described as the biggest outburst of applause that has ever been bestowed upon a player in St. Louis. The fanatics kept up the racket for two minutes.

Smooth work continues to mark the activities of Mike Dunham, once master short fielder of the Phillips, now kingpin centerstop of the Baltimore Terrapins. Mike can be an expert on the opening day of the league on the very first ball batted to him. This affected him so that he started playing wonderful ball and went 13 straight games without an error, excepting 54 chances. He is hitting over .300 and is running bases like a flyer on a straightaway track. He has stolen home three times.

Somebody is overlooking a bet in not signing as a scout the guy who did the signing of talent for the Augusta, Ga., team of 1913. Augustus graduated Ty Cobb, Nap Rucker, Eddie Crockett and Clyde Sherrill.

"Lajoie is going back fast," announced the bannister. "He is also going sideways, and towards, and at various angles at the same surprising speed," added Lee.

In a game at Medicine Hat, Alberta, the other day a batted ball hit the pitcher on the head and knocked him senseless, but the third baseman caught the ball as it bounced off the twirler's head and fired it to second for a double. It was relayed to first and just missed completing a triple play by an eyelash. The pitcher got an assist to compensate him for his headache.

Aibion has launched another blow at the Yankees—or seems about to do it, if tidings from London are correct. Lee said that the Jacksy club is investigating an alleged scandal in connection with the Derby, with a view to taking steps to prevent the entry of "forlorn hopes" in the big sweepstakes which offer prizes for every starter and hold out strong financial temptation to owners to enter such portly hopes.

According to statements published in the London newspapers, the field for the Derby on Wednesday was so large that there were deplorable scenes at the start and several horses were injured during being kicked. The favorite, Kinnymore, lost his temper, and with the king's horse, Shakespeare, was badly left at the start. They contend that the race would have been the king's had not Shakespeare been hemmed in until it was too late to overtake Durbar II, the American winner.

It is rumored among the Highlanders that on account of the continued weak hitting of Harry Williams, Frank Chance is to make a shake-up in the Highlanders by putting Nance on first just as soon as his split thumb heals and Ed Sweeney is released by his doctor. In the few games he played the former Bascomian hit the ball at a lively clip and, when Sweeney is working behind the bat, it is believed that Nance is too valuable to be kept on the bench awaiting a chance to get in and catch.

Forest Cady, Red Sox catcher, who sprang into fame as Joe Wood's battery partner in the 1912 world's series, says this is his last year in baseball. Cady invested his world's series money and other baseball money in Texas ground. He claims he is willing to retire to his farm at the end of this year.

Tom Darmody, director of the Los Angeles baseball club, and friend of John J. McGraw, is authority for the statement that Arthur Shaffer may be seen cavorting around third base for the Los Angeles team in the near future. Darmody has forwarded a telegram to McGraw to release Shaffer from suspension. It is believed Shaffer would play on the coast, especially for his home town club, as a matter of civic pride if nothing else. Darmody believes if his automatic suspension is raised, Shaffer will don the spiked shoes to help Los Angeles out of its rut. Shaffer knows how badly his services are needed, but refuses to talk until McGraw has been heard from.

SIX HUNDRED MILLION IN INSURANCE PAYMENTS

Enormous Total of Claims and Benefits Paid in United States and Canada in 1913, \$646,550,000.

INCREASE OF PREMIUM SAVINGS IS SHOWN

Worst Feature of an Otherwise Favorable Situation Is Increase in Practice of Borrowing on Policies.

New York, June 3.—Life insurance organization of the United States and Canada distributed \$646,550,000 in 1913, according to computations by the Insurance Press.

The payments in the two countries for death claims, matured endowments and other benefits under the policies of level-premium companies and the certificates of other life insurance organizations on the assessment basis amounted to \$418,200,000. For premium savings that experience permitted, cash values of surrendered and purchased annuities under contracts and to foreign countries the regular companies of the United States and Canada paid amounts estimated in part.
